

A) Easy and simple way, How to start NRI Radio.

- Plug-in the power cable into the power plug of Radio.
- When you see 00.00 on the screen, then “Turn on Radio” with remote.
- Follow the instructions on the screen of Radio.
- Set Time to 12 Hour format, then press “Update from Network”.
- Then select your area’s time Zone. Then Day light saving ON.
- Select your Network/internet then press ”Enter”.
- *** If your internet is Password protected then ENTER PASSWORD and press OK.***
- **Note:-** If by mistake you entered wrong password then go **Back space** (BKSP) press Enter to Delete any number or letter, then enter New/Right key/number/letter etc.
- After you enter correct password, Radio will connect to your internet. Then you will see a message on screen “**CONNECTED**”.

B) How to find stations.

- Press “Station List” then <Stations>< Genre><World India> then Select <country> of your choice.
- Then select station of your choice and press Enter.
- **Problem:-** If any station does not work and you see a message “Network time out” or simply there is not any message. Then re-try same station again. If still not working, it means station’s stream is off from the back end. And your Radio does not have any problem. It is working fine, if it is playing other stations. If again not working, please try another station.
- If still not working, Please un-plug power cable and re-hook again. it means there is some problem in the internet.

C) How to Store Stations in the memory.

- When Station Plays- press and hold any number on the remote for 3 to 5 second.
- Playing station will be stored in that number of your Remote.
- You can store 10 stations with the remote.
- To change the station, just touch/press another number of your choice, very gently, just for one (1) second. The new station will start playing.
- **Note:** To change the station, please don't press for long time. Otherwise station will be changed.
- **NRI Radio is already stored on number 1 of the remote. It is available in Canada country.**
- Harmandir Sahib is available in "India" country. Name of the station is SGPC Radio.
- Akhand Path Sahib is available in "USA" country.

Any question or suggestion, please email or call us:

Web site: www.nriradio.ca nriiradio@hotmail.com OR nriiptv@hotmail.com

Call 604-655-4000 NRI Radio is working with, word's topmost platform, www.vtuner.com, which is based in New York, USA. There is no comparison of this platform. It is very easy to use by all of us, even by our elders.

Note: Please don't get confused with so called "Gurbani Radio". That is pre-recorded Gurbani, like a Tape or CD. Whereas NRI Radio is 100% live World Radio. You can listen, Radio from any country.
